E-Lumen Ultra-Thin LED panel

The Ultra-Thin LED panel carries the latest LED development on the market, it has the most energy efficiency and luminous efficiency technology. The convenient plug-n-play panel kit replaces most of the underwater lights in the market, by only unscrewing few bolts of your old and energy costly light bulb with Ultra-Thin LED panel.

Technology & Feature

1. Resin filled LED panel allows 100% water proofing
2. Ultra-Thin LED panel has 25,000 hours lifetime,
10 times more than halogen bulb
3. More brightness (lumens) for less watts
4. Cool-operating LED panel focused on producing brightness, compared to other lights that 90% of energy is wasted on their heats
5. Unlike other LED lights, Ultra-Thin LED panel keeps working even a single LED bulb goes out
6. Simple bolts fixing fittings are provided to replace PAR56 type of pool and spa underwater lights
7. European & American niches compatible
8. EMAUX remote control box compatible

EL-NP300

EL-S300

EL-H200

Lighting effect

- E-Lumen Ultra-Thin LED panel available in color: RGB (Red, Green Blue), Warm White, Cool White, as well as Single Blue
- RGB model features 6 brilliant rich colors customized the mood of pool with owner's preference, and 8 colors pre-programmed light show delivers Dazzling Rainbow and Smooth Fading effects

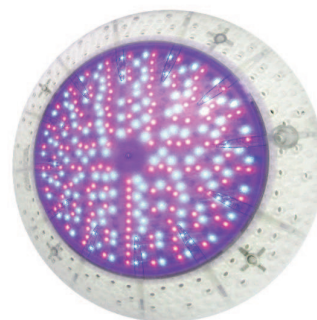

Color Changing Options

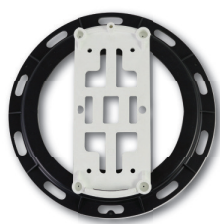

E-Lumen Underwater Light

With the best LED technology, Nicheless E-Lumen mounts directly on the wall for simply installation. Only required few bolts, this is the most convenience choice of professional underwater light.

- Direct wall-mount design for simple installation
- Concrete & Vinyl Pool Compatible
- Light-duty of power usage works well with any standard/ your existing transform
- EMAUX's lighting control box (RGB-CB) with remote allows you to manage the pool with an easygoing, relaxed lifestyle

E-LUMEN LIGHT

EL-S300 Series Underwater Light

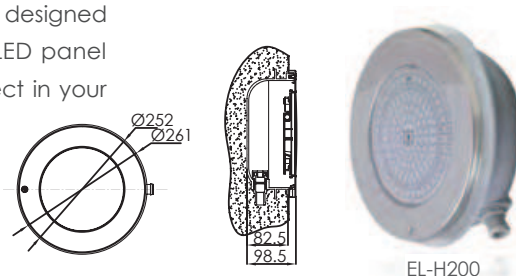

Thanks to the Ultra-Thin LED panel, EL-S300 has simple installations. E-Lumen S300 combined the solid stainless steel niche with non-corrosive feature for long lifetime usage. Weldless stainless steel niche design provides the highest intensity while other competitor's welded lightings have high risk of being damage after long used.

Colors available in Warm Light (4000k), White Light (20000k), Blue Light, and RGB Color Light.

EL-H200 Series Underwater Light

This round shaped light is a combination of stainless steel face ring and slim plastic niche to achieve the simplicity yet elegant. The slim niche is designed to fit any pool structure with thin concrete wall. With Ultra-Thin LED panel the EL-H200 offers a smooth front plate but a superior lighting effect in your swimming pool.

E-LUMEN COMPACT LIGHT

E-Lumen Compact carries the latest resin-filled LED panel in the market, has the most energy efficiency and luminous efficiency technology. The E-Lumen Compact has 2 different setting. The nicheless version is designed for Fiberglass pool or the Steel panel pool with liner, while the niche version is suitable for concrete installation.

Technology & Feature

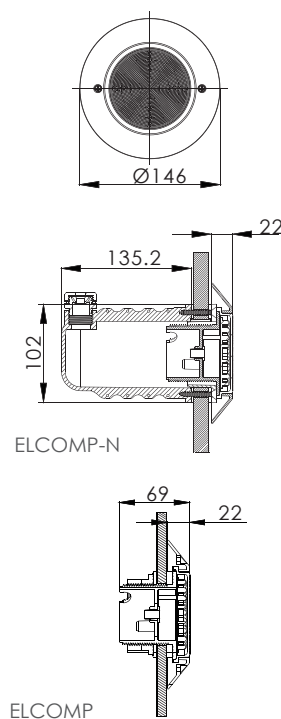

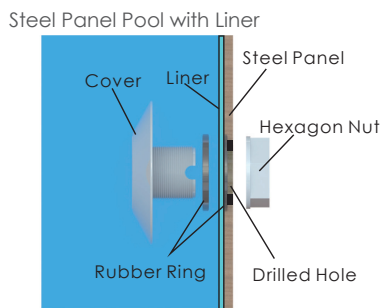

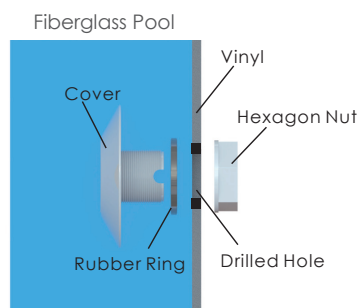

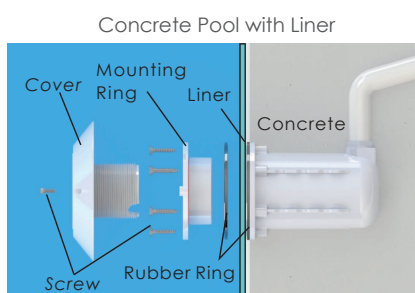

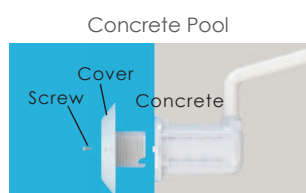

1. Resin-filled LED panel allows 100% water proofing
2. Concrete, Vinyl Pool, Fiberglass Pool & Liner Pool Compatible
3. Durable ABS structure with high quality PC transparent lid
4. IP 68 Waterproof Standard

TERRA-LUX LIGHT

Emaux proudly introduce an innovative all condition LED Light for wide applications such as swimming pool & spa, water feature, and landscaping. This energy saving light is the best solution to save the energy and at the same time generates a high power lumination. The stainless steel AISI-316 material assures optimum corrosion resistance. Its matt finished Stainless Steel surface is simply classic and elegant. The high grade ABS plastic housing is also durable and applicable for installations such as in-ground, pool wall, deck surface, and steps.

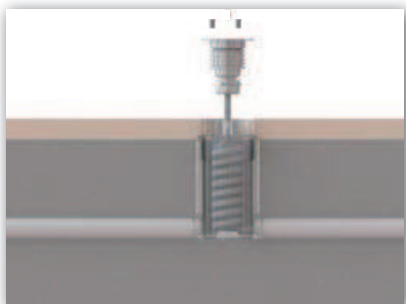

Product Dimension

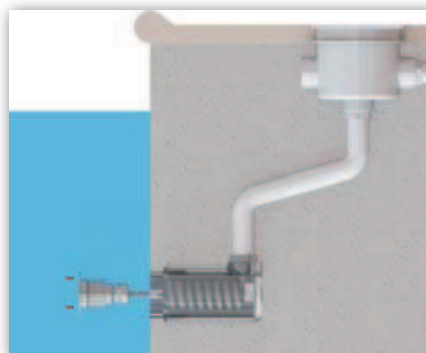

Features

1. Durable ABD Plastic Housing
2. AISI-316 Stainless Steel Light
3. Compatible with Underwater Installations and Floor Installations
4. IIP68 Waterproof Standard
5. Cable: 1.5m

E-FUSION LIGHT

Features

1. Ultra-high brightness, low energy consumption.
2. Epoxy resin-filled lamp with good water resistance, dustproofing and corrosion resistance.
3. 8mm thickness high strength tempered glass with good refraction and excellent light transmittance.
4. IP68 Waterproof Standard.
5. External control box is available.
6. Cable: 0.5m

LIGHT CONTROL BOX

Underwater Light Control Box

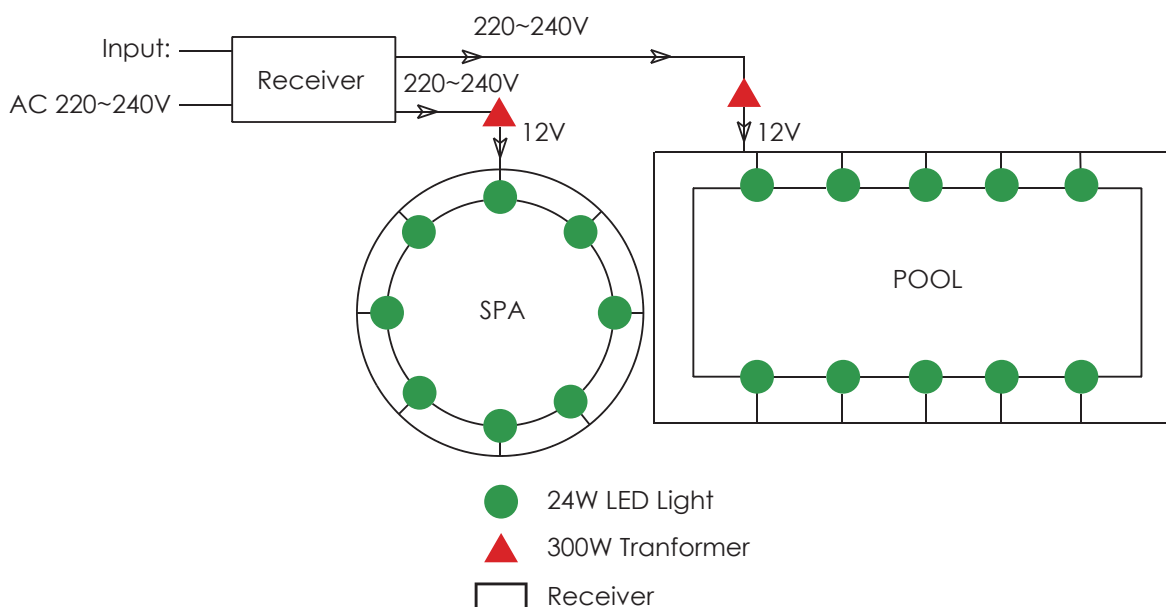

Remote Control

The AC power of 600W at maximum fed into the control box is divided into 2 lines each of which can support up to 300W of load (10 LED lights). The control for lights on the same line is by nature synchronized meanwhile synchronization of control over both lines (all lights) is possible.

Features

1. Maximum load of 600W with power indicator.
2. Made from fire-proof ABS material.
3. Electrical overload & leakage protection.
4. Two control modes-manual mode and timer mode in which the ON/OFF time of load can be set.
5. 65 IP rating suitable for outdoor use.
6. A remote control is provided to interact with control box from distance.
7. Simple and easy operation with 4 keys:
8. 10 effects are numbered; RESET key set all lights to the first effect;
9. POOL and SPA key are used to change effect of lights connected to POOL line and SPA line respectively;
10. S+P key can change effect of all lights at the same time.
