## AUTOMATIC SUCTION CLEANERS

### Max 1

**New**

The Max 1 almost effortlessly removes all dirt from pool floors thanks to its top access filters. The easy-view transparent window enables users to easily see when the filters have to be washed. There are two cleaning cycles (1 and 2 hours) that can be automatically switched on and off using an external timer (not included). It works on a single motor able to cover 18 m<sup>3</sup>/h, which makes the Max 1 one of the lightest pool cleaners on the market at just 11.48 kg (without cable). It has 15 m of cable and can be used in pools of up to 8 m in length.

	Code	Standard Packing	Standard Weight kg	Standard Volume m <sup>3</sup>
Max 1 suction cleaner	57350	1	7.5	0.14

### Max+ 3

Elegant and with an exceptional design, the Max+ 3 pool cleaner removes all dirt from the bottom of pools thanks to its smart electronic components and its efficient Max Scrubber system that scrubs dirt off any surface. It is characterised by its excellent ergonomics, lightweight design, and filters that can be reached from the top. Thanks to its transparent covers, it is easy to tell when the filters need cleaning. It works in 2.5 hour cycles and comes with an 18 m floating cable and height-adjustable suction nozzles to ensure it adapts perfectly to any pool.
