PLAYA

PLAYA is an elegant mini-pool created from the great Italian design.

The gentle hydromassage, the heated water, the pleasantness of the hand woven fibers, invite you to relax in total wellness and allow you to enjoy it both indoors and outside the house. Playa Living is the evolution of Playa model with its soft cushions; it becomes a relaxing oasis, a real "lounge" that decorates the interior of the house or outdoor spaces.

PLAYA *Twin*

Playa Twin is the new concept of a design mini-pool, created by the Italian style and elegance. This version is enriched with a double sunbathing area over the two twin lockers, and two deck chairs that can become the cover of the mini-pool itself, when not used.

The rattan panels are proposed in two colors, Laghetto White and Grey and it is equipped with heater and bubbles system.

FEATURES

- Size: ONLY 1 SIZE - only heater and Bubbles version
- Color: Laghetto White.
- Filtration: cartridge and wall skimmer

ABOVE GROUND POOLS - DOLCE VITA

Dolce Vita

A pool that looks good in any environment and that you can build even where a traditional inground swimming pool can't be placed.

DolceVita is the most fashionable and desirable pool for those people who search something to stand out and who setup a space dedicated to the pleasure and the family relaxation.

DIVA - RATTAN

ABOVE GROUND POOLS - DOLCEVITA

Dolce Vita

FEATURES:

DolceVita renews the world of above-ground pools thanks to a sound technology Laghetto which is on the market for over 40 years, and its innovative and graceful design.

DolceVita can adapt to the needs of a changing family, allowing thoughts, repositioning, moving, resale.

Its versatility allows easy and quick installation even in areas with seasonal permits only.

DolceVita provides a recirculating and filtration system which enables the highest quality and hygiene of the water purity.

DolceVita comes up in many different models: Rattan, Diva, Diva LTI and Naked, with high quality materials that ensure long time use.

Structure

Pool liner

Plastic Wood Coping (RATTAN line)

TRELLIS PILLARS

Stainless steel and zinc magnesium steel S250GD ZM310 powder coated structure with stainless steel piece of support.

TRELLIS SPARS

Stainless steel and zinc magnesium steel S250GD ZM310 powder coated.

NUTS AND BOLTS

Stainless steel with anti-grip nuts.

LINER

Made of PVC coated polyester fabric membrane it is incredibly strong (it easily passes DIN 53354 test up to traction of 430 Kg on 5 cm), it is treated with a special coating that prevents dirt from attaching to exposed areas and provides protection against damage caused by UV light to be very durable.

DOLCEVITA TOPRAIL FINISH

Rattan (and Naked) top rail finish is a dedicated composite wood made for us exclusively by Plastic Wood. Diva and Diva LTI top rail finish is integrated in the design of the special wicker panel.

Warranty on the pool (liner + structural parts) is 5 years, warranty on all the other accessories included in the kit is 2 years.

POOL WARRANTY: 5 YEARS

Dolce Vita

Diva panel

Dolce vita Diva ladder

Laghetto Led Spot

Vacuum cleaner

DOLCEVITA PANELS

Dolce vita finish is available in 2 different panels options: wicker with wicker corner pieces for the Rattan line, or the exclusive solution created for the DIVA line, where the Viro wicker panels also cover the top rail of the structure.

DOLCEVITA LADDERS

The Dolce vita finishes have two different kinds of ladder to access to the pool.
Rattan (and Naked) kit include a ladder with the liftable external.
Diva and Diva LTI kit has a dedicated luxury ladder.
A plexiglass safety kit is available on this model to prevent access to the pool.

LED SPOT LIGHTS

Every Dolce vita, no matter what finish, comes standard with Laghetto Led spot lights.
These led spot lights have a peerless luminous efficiency, very low power consumption (less than 8 W) and an unmatched durability.

VACUUM CLEANER

Every Dolce vita Pool kit also include a vacuum cleaner (pipe length varies according to the pool size and the number of skimmers).

Steel basement structure for DOLCEVITA aboveground

Dolce Vita

DolceVita above ground can be inserted in any context you like also avoiding the construction of a reinforced concrete slab using a special modular base frame made of powder-coated steel.

With this innovative and unique structural accessory, which can be accompanied by a mobility certificate and easy removal of the pool, you can install DolceVita and Divina pool in any type of situation, satisfying your every need, even the most special.

Description	Laghetto reference	Code

STEEL BASEMENT STRUCTURE FOR A NON-SLAB ASSEMBLY DOLCEVITA 5x10	DVC510KITTB	69631

BASEMENT FOR DIRECT ASSEMBLY ON THE GROUND

- Zero impact installation.
- For installation where no concrete basement can be made.
- Easy to move and assemble.
- Fully removable.

Stainless steel components

to stabilize the structure of the pool

Dolce Vita

The kit is an AISI 304 stainless steel locking system consisting of fasteners that allow to prevent normal structural beddings (misalignment) of dolcevita during the filling phase.

FIXING AND ALIGNMENT KIT

THE KIT IS AN AISI 304 STAINLESS STEEL LOCKING SYSTEM CONSISTING OF FASTENERS THAT ALLOW TO PREVENT NORMAL STRUCTURAL BEDDINGS (MISALIGNMENT) OF DOLCEVITA DURING THE FILLING PHASE.

- ▶ With the kit you can't align the pool once filled.
- ▶ It's compatible without any modification only with Dolcevita structures from April 2014.
- ▶ You can't add the kit to assembled pool, to fit it you must dismantle the pool completely.
- ▶ If the Dolcevita structure has been purchased before April 2014 some modifications to the structure are necessary.

ABOVE GROUND POOLS - DIVINA

INFINITY *Divina*

CONTEMPORARY SEMI-UNDERGROUND

Divina, the latest addition to the Laghetto Pool Design range, already expresses from its name the style and charm that distinguish it.

Its semi-underground basin is wrapped in panels with a pleasant synthetic rattan finish, hand woven on aluminium frame; embellished with a sunbed and seats with soft cushions in nautical Sky, can be equipped like a traditional swimming pool: LED spotlights, swimming against the current and heater, which allows you to enjoy the pleasure of the pool for longer.

Equipped with skimmer filtration system, with a technical room under the sunbathing area, it can be installed without impacting construction works and in just a few days.

Divina Infinity is the new concept of overflow semi-inground pool, launched in 2022, available for assembly only on concrete basement. It represents a new elegant proposal that allows to enjoy the maximum of your pool in terms of elegance, design and performances.

FEATURES

- Size: 35 - 36 - 37 - 48
- Filtration: Overflow + sand filter.
- RATTAN PANEL COLOR: Laghetto White - Grey
- LINER COLOR: White - Beige
- MODEL: Version only for assembly on concrete base

Infinity Divina is a semi-grounded pool as Divina, but Resort has a filtration with the overflow system. The water mirror sizes are the same as Divina. Infinity model is available only in the version with structure for assembly on concrete base.

Pool liner

LINER

Made of PVC coated polyester fabric membrane is incredibly strong (it easily pass DIN 53354 test up to traction of 430 Kg on 5 cm) , it is treated with a special coating that prevents dirt from attaching to exposed areas and provides protection against damage caused by UV light to be very durable. Every Laghetto POP liner is available in 6 cool colors and comes with the distinctive red label.

Patented Laghetto skimmer

LAGHETTO SKIMMER

The legendary skimmer of Piscine Laghetto is directly attached to the corner of the pool liner. The floating head skims the water surface with a perfectly efficient 360 degree action. This is the most effective skimmer design on the market.

Every skimmer includes a pre-filter basket (if used with sand or cartridge filtration systems) or a special microfiber fabric filtrating element (Boa system). The wide excursion of the floating head follows the water level precisely for a better efficiency and avoids almost completely unwanted air draw that can damage the pump of the filtration system.

Every skimmer head is equipped with devices for the safety of all swimmers.

Above-ground pool foot support

FOOT BLOCKS

Every pool is supplied with a complete set of foot blocks that replace the need for any support under the pool legs by providing a solid base.

Foot blocks come in white color to match the structure and the top of the Liners.

Laghetto pipes

PIPINGS

The pipes of the filtration systems are another of the high quality components that characterize Piscine Laghetto products. Pipes for POP pools are made of highly resistant and durable white corrugated PVC, with one - and - a half inch fittings, pressure mounted and glued together (factory assembled to ensure the best possible seal over time). The pipes, with threaded connectors and gaskets, are screwed to the wall fittings of the pool and to nipples of the filtering system, without using any type of cable tie.

Safety ladder

LAGHETTO SAFETY LADDER

Introduced already back in year 2000, Piscine Laghetto safety ladder is the most stable and secure aboveground pool ladder on the market.

It's connected directly to the pool structure to avoid overturning and the outside steps can be lifted to avoid the entrance of the kids when the pool is unattended or unused.

Vacuum cleaner

VACUUM CLEANER

Every POP Pool kit also include a vacuum cleaner (pipe length varies according to the pool size and the number of skimmers).

*AstralPool sand filters*

SAND FILTRATION SYSTEMS

The technical partnership between Piscine Laghetto and AstralPool introduces the 6, 10 and 15 mc/h sand filters in all swimming pool kits.

CRYSTAL POP! ✨

CRYSTAL POP

Something thrilling for the 2022 summer? A new above ground pool that will fascinate everyone with its strips of transparent liner that create a suggestive light effect both during the day and the night, when it creates a magical and inimitable atmosphere.

Available in two sizes and two liner colors, it is equipped with a sand filtration system (6 m³/h) and all the same equipment as POP pools, with led lights to create and emphasize the magic of light beams through the crystal transparent liner stripes.

FEATURES

- Size: 24 (2X4M) - 25 (2X5M).
- Color: white or beige.
- Filtration: Sand - 6 m³/h.

Dolce Vita

Elegant in design, this system has revolutionized the world of pools. The unbeatable quality rattan and sound technology ensure a long service life.

PLAYA

An extremely elegant mini-pool that is perfectly suited for terraces and gardens.

Hot water, an air massage and bubble feature, and a space for sunbathing.

Available in Laghetto's colours: Laghetto white and grey.

POP!

The classic above-ground pool has been revamped to bring colour into your garden.

Pop! can be white, sand, green or lilac. Design adapted to new technology backed by 40 years of experience.

For further information go to:

www.piscinelaghetto.com

Classic

THE CLASSIC LAGHETTO

Classic is the line of above ground pools that for decades has represented the history of the above ground pool and of the Piscine Laghetto brand, thanks to the unrivalled mix of quality, durability and reliability.

Classic is continuity in the Piscine Laghetto tradition, made up of made in Italy swimming pools, the result of unceasing evolution and over 40 years of research, experience and innovation that allow those pools to be used in the widest variety of contexts and conditions.

TECHNICAL FEATURES

High impermeability PVC coated high strength pool membrane

Patented Laghetto skimmer with 360 degrees performance

Heavy duty PVC pipes and fitting

Safety ladder

Exclusive Laghetto filtration systems

Foot blocks for assembly on unpaved surfaces

Vacuum cleaner

PROFESSIONAL

The technology of Laghetto **Professional** is also the base for the production of large pools that are used worldwide by event organizers that need a pool ready in a few hours, extraordinarily strong, suitable to resist the many different situations.

The design capacity of our research and development team is able to satisfy every request from the customer.

Professional is available in customisable sizes from 7.5 x 15 m. Available water heights: 60, 100, 120 cm.

INOXPOOL

Inoxpool

ASTRALPOOL 

- + Pool manufactured in one piece in satin-finish, AISI-316L stainless steel.
- + With a 2 mm thickness wall and with skimmers. It includes a non-slip bottom.

- Hydraulic pre-installation included.
- Ready to connect.
- Easy installation, without building work.
- Total security and quality.

+ 2 Different models:

Optimal model is a residential pool made in one piece in satin-finish stainless steel, AISI-316L including skimmers. It includes a ladder.

Wellness model is a residential pool made in one piece in satin-finish stainless steel, AISI-316L including skimmers.

Including:

- Steps
- Hydromassage bench
- Hydromassage cascade
- Hydromassage water jet
- Cover
